Read each word aloud. Find the target letter, then say its sound.

კატა	კაცი	კარგი
k'at'a	k'atsi	k'argi
cat	man	good

Two hands, one letter. This sheet practises the modern mkhedruli form and its historical asomtavruli counterpart. Georgian is unicase, so there is no capital or lowercase to learn. Mkhedruli rows use the dashed x-height line; asomtavruli is a majuscule and uses only the top and baseline. Full reference: georgianalphabet.com/letter-kani
