WORD BANK

Read each word aloud. Find the target letter, then say its sound.

წყალი	წიგნი	წელიწადი
ts'q'ali	ts'igni	ts'elits'adi
water	book	year

Two hands, one letter. This sheet practises the modern mkhedruli form and its historical asomtavruli counterpart. Georgian is unicase, so there is no capital or lowercase to learn. Mkhedruli rows use the dashed x-height line; asomtavruli is a majuscule and uses only the top and baseline. Full reference: georgianalphabet.com/letter-tsili
